

# Why is the title of my post not updated?

You can adjust every setting of a post individual for each channel you want this post to be published.

In the newsdesk overview, however, the title will remain unchanged.

If you want to adjust the original title just click on the title in editor mode.

## Editor mode

**Hover over the post in the news overview and click on the pen icon that appears on the right to open the post in editor mode.**

The screenshot displays the newsdesk editor interface. At the top, a post titled "Vanaf volgende week zomer" is shown with a red arrow pointing to the title. Below the title, the date range "10-02-2023, 14:00 > 10-03-2023, 14:00" and a notification "Dit bericht is gepushed als notificatie." are visible. The main content area is divided into two sections: a preview on the left and an editor on the right. The preview shows a video thumbnail with the title "Vanaf volgende week zomer" and the date "10 feb. 2023". The editor section has tabs for "Inhoud", "Media", and "Publicatie". The "Inhoud" tab is active, showing the title "Vanaf volgende week zomer" and a description field with placeholder text: "Fusce dapibus, tellus ac cursus commodo, tortor mauris condimentum nibh, ut fermentum massa justo sit amet risus. Donec id elit non mi porta gravida at eget metus. Cum sociis natoque penatibus et magnis dis parturient montes, nascetur ridiculus mus. Maecenas faucibus mollis interdum."
