

# Why is the title of my post not updated?

You can adjust every setting of a post individual for each channel you want this post to be published.

In the newsdesk overview, however, the title will remain unchanged.

If you want to adjust the original title just click on the title in editor mode.

## Editor mode

**Hover over the post in the news overview and click on the pen icon that appears on the right to open the post in editor mode.**

The screenshot displays the newsdesk editor interface. At the top, a post card shows a thumbnail of a white rabbit and yellow chicks, with the title 'Vanaf volgende week zomer' and dates '10-02-2023, 14:00 > 10-03-2023, 14:00'. A red arrow points to the title. Below the post card, the editor is split into two main sections. The left section shows a 'PREVIEW' of the post with the same thumbnail and title. The right section is the 'Inhoud' (Content) editor, which has tabs for 'Inhoud', 'Media', and 'Publicatie'. The 'Inhoud' tab is active, showing a 'Title' field with the text 'Vanaf volgende week zomer' and a 'Description' field with a rich text editor containing placeholder text: 'Fusce dapibus, tellus ac cursus commodo, tortor mauris condimentum nibh, ut fermentum massa justo sit amet risus. Donec id elit non mi porta gravida at eget metus. Cum sociis natoque penatibus et magnis dis parturient montes, nascetur ridiculus mus. Maecenas faucibus mollis interdum.'
